Money Terms

When adults talk about money, they may use words that are new to you. Learning money terms will help you manage money as you get older. Here are a few to get you started.

Budget

A plan to help you save and spend money on needs and wants.

Credit

Money you borrow from the Credit Union or another lender that allows you to buy things now and pay it back later, usually with a fee and interest.

Dividends

Money paid to you by the Credit Union for the money you have saved in your FAT CAT Share account. The more money you have in your account, the more money you will earn!
